

## Caliber GB22

### Product Specifications

Gearbox

Line gearboxes

Caliber GB22

Version Swiss Made 0 Jewels / gold plated

Version Swiss Parts 0 Jewels / nickel plated

Standard hand fitting height 1

### Functions

- 2 motors
- 2 hands – independent and bidirectional
- Round or sectoral displays possible
- Resolution of 1° with 360 steps per turn

### Features

- Easy integration into smart modules
- Safe contact due to coil connection with screws
- Wide voltage range from 3.0 - 3.7V
- Repairable

### Batteries depending on Voltage

Lithium 3 V

Lithium-ION 3.7 V

## Gearboxes

### RONDA gearboxes

## Caliber GB22

### Technical Specifications

Movement height	2.20 mm
Overall dimensions	11.50 x 22.17 mm
Useful torque – typical	50 $\mu$ Nm
Operating temperature	0 - 50 °C
Resistance to magnetic fields	18.8 Oe
Resistance against shock	NIHS 91-10
Current consumption – typical	4 $\mu$ A per step / max. 60 steps per second
